SPECIFICATIONS

• Cabinet

Harvest Pecan Stain finish, swivel design.
Dimensions: 32 $\frac{3}{4}$ " H, 32 $\frac{3}{4}$ " W, 20 $\frac{1}{8}$ " D.
Approx. Shipping Weight: 170 Lbs.

REMOTE

► Master Touch® Universal Remote CRK74B (39-Button)

Ergonomic design and color-coded buttons provide complete TV operation plus primary function control of virtually every brand of remote-controllable VCR and cable box. This remote will allow control of the RCA brand DSS® system.

PICTURE

• Optimum Contrast Screen

Dark glass picture tube delivers outstanding picture contrast for blacker blacks, brilliant whites and deep rich colors—even in bright room conditions.

• 110° Reduced Depth COTY Picture Tube

110° COTY (Combined Optimum Tube and Yoke) system reduces cabinet depth while optimizing focus, convergence and picture geometry.

• ColorTrak® Chassis System

Automatic picture controls deliver a superb picture which seldom needs adjustment.

AutoColorControl

Automatically maintains natural flesh tones and color fidelity from channel to channel and scene to scene.

– Contrast/Color Tracking System

Synchronizes contrast and color settings to maintain vibrant images.

– Dynamic Black Level Expansion

Extends black levels in bright scenes to enhance contrast and detail.

– Picture Reset

Instantly returns picture to factory settings for Color, Tint, Contrast, Brightness and Sharpness.

– Non-Volatile Memory

In case of most power outages, the picture adjustments and channel selections are stored in electronic memory.

– LSI Chassis Technology

Advanced Large Scale Integrated (LSI) circuit design reduces the number of components for greater reliability and signal efficiency.

• 181-Channel Tuning Capability¹

Digitally controlled frequency synthesis tuning system “locks on” to cable and standard signals with unsurpassed accuracy.

• Advanced Autoprogramming

Auto Cable/Air Switch sets tuner to cable or “off-air” frequencies during initial setup. Then system automatically scans for and locks active channels into channel memory.

SOUND

• XS® Stereo

Delivers stereo sound from compact cabinet designs. Patented process suppresses noise, restores dynamic range and expands the stereo signal to create a more spacious sound effect.

• Front-Fired Speaker System

Front-fired full range frequency drivers provide excellent imaging while localizing voices at the screen.

CONVENIENCE

• Multi-Language On-Screen Display

Allows the on-screen menu system to be displayed in one of three languages (English, French or Spanish).

Channel Labeling

Assign on-screen characters to easily identify channels (e.g., NBC, HBO, ESPN, VH-1).

Commercial Skip

Countdown timer returns TV to original channel, so other channels can be browsed during program breaks.

• Programmable Timer System

Convenient scheduling system can be used in a variety of ways:

– Sleep Timer

Automatically turns the TV off after a preset time period—for those times when you drift off to sleep in front of the television.

– Alarm Timer

Wake up to your favorite morning show or turn on your television automatically to catch your favorite program.

– Scheduling Timer

Since the alarm setting remains in the TV memory indefinitely, the TV can be scheduled to turn on at the same time every day.

• On-Screen Time and Channel Display

Displays time and channel number during channel change or at the press of a button.

• On-Screen Menu System

On-screen displays visually guide you through adjustments of all TV picture adjustments and features—all with remote control convenience.

• CaptionVision Closed Caption Capability²

Assists the hearing impaired, helps children learn to read, and aids in the teaching of English as a second language. Built-in Closed Caption Decoder displays the audio portion of a program as text on the TV screen (when program is aired with the encoded signal).

CONNECTIONS

► 3-Jack Audio/Video Monitor Panel

Provides direct audio and video connections for a VCR or any stereo video source.

¹ Check your cable company's compatibility requirements.

² This television receiver provides display of television closed captioning in accordance with §15.119 of the FCC rules.

This television receiver does not support color attributes of television closed captioning.
